All bank charges including the receipt and refund of the entry fee will be borne by the runner. The entry date is determined (and thus the Entry Payment Category) by the date on which the entry fee is paid as a whole sum or in part. The entry becomes active by paying the full amount of the entry fee or part of it. In other words, the completion of the Entry Form without any entry fee payment does NOT qualify for entry. The organizers may allow temporary crew members at a daily price of 130€.
